

Keynote Speakers

Dr. Sherri Shubin Cohen is the Medical Director of the Pediatric Feeding and Swallowing Center and Program Director of the Nutrition Fellowship at the Children's Hospital of Philadelphia. She has been at CHOP since 2004. She is an Associate Professor of Clinical Pediatrics at the Perelman School of Medicine of the University of Pennsylvania. She received her medical degree from Temple University School of Medicine. She completed a residency in Pediatrics at the University of Maryland and a residency in General Preventive Medicine, including receiving a Master in Public Health, from the Johns Hopkins University School of Public Health.

Financial Disclosures: Dr. Cohen will receive an honorarium from UNC Health Care. Non-financial Disclosures: Dr. Cohen has no relevant non-financial disclosures to report.

Suzanne Thoyre, RN, PhD is a Professor of the School of Nursing. She has an extensive background as a neonatal nurse and her research and continuing education activities focus on helping nurses and families partner more effectively with infants and young children as they learn how to eat. Her nursing research and clinical interests are in the area of development, taking both a physiological and behavioral approach to understanding the feeding problems of preterm infants. She is a founding member of the Feeding Flock.

Financial Disclosures: Dr. Thoyre receives a salary from the UNC School Nursing. She will not receive additional compensation for this presentation. Non-financial Disclosures: Dr. Cohen has no relevant non-financial disclosures to report.

UNC Feeding Team

Maureen Kelly, MSN, CPNP
Victoria Powell (Tori), MSN, CPNP
Kristen Cole, MSN, CPNP
Kristen (Krisi) Brackett, MS, SLP-CCC
Sarah Studley, MS, SLP-CCC
Kelly Brower, RD, LDN, CSP

Friday, March 8, 2019

UNC Pediatric Feeding Symposium

Description:

Food, Function, and Feeding: A Collaborative Approach to Pediatric Feeding Difficulties takes education to a new level with presentations that will maximize the knowledge base and skill set of physicians, nurses, therapists, case managers, and other allied healthcare professionals involved in the care of children with complex feeding disorders.

This conference will address medical, psychosocial, and rehabilitation issues experienced by children with feeding difficulties and will focus on ways to maximize their medical and functional status. Expert faculty will discuss relevant topics to allow participants to broaden their knowledge base and improve patient care.

Objectives:

- Describe interdisciplinary approach to children with feeding difficulties, including medical, nutritional, motor, and behavioral assessment and treatment.
- Describe pertinent history taking and medical interventions for children with feeding difficulties.
- Identify different types and rationale for use of special formulas in children with feeding difficulties.
- Assess oral-motor pattern and function and recommend safe diet where child will be successful.
- Identify assessment tools utilized for infants and children with feeding difficulties.
- Identify assessment tools utilized for infants and children with feeding difficulties.

Exhibitors: Vendors will be present outside of the conference presentation area all day Friday to display their products and resources, as well as network with conference attendees.

Refunds/Cancellations: Cancellations and requests for refunds will be honored if received by 5pm EST on Monday, March 4, 2019. A \$40.00 administrative fee will be deducted from all refunds. UNC Health Care reserves the right to cancel any event not meeting the established minimum enrollment five (5) days prior to the event.

Americans with Disabilities Act: If you have any special accommodation needs, please contact UNC Medical Center Rehabilitation Therapies Department at least one week in advance at 984-974-5311.

Time	Event and Speaker
7:30am	Registration
